

Reading Requirements for 6th Grade

Our goal is to read at least 50 books this year.

If a book is 250 pages or more, it will count as 2 books.

If a book is 40 pages or less, you will have to read 5 of those to count as 1 book.

10 books will be picture books that are selected from our classroom library.

We also have a goal to read a variety of different genres. These are the guidelines:

Poetry- 2 Mystery-2 Science Fiction-2 Historical Fiction-2
Informational-1 Biography/Auto-biography-2 Realistic Fiction-5
Same author-2 Picture Books-10(Special requirements)

These genre requirements will complete 28 of your goal of 50 books.

HAPPY READING!! ☺

Footnote: AR (Accelerated Reader) is not a requirement in our 6th grade classroom. It is just an extra incentive provided by our school to obtain rewards/prizes.

Our reward for completing our goal of reading at least 50 books this year will hopefully be to become a critical thinker and reader and to know "how to get in the reading zone and enjoy it"!
